

Cortisol Salivary Test Sample Report

Cortisol Test

2 Your Results

Your daily profile looks as follows:

Time	Cortisol in Saliva	Reference Values	Evaluation
First sample	1,8 ng/ml	1,8 - 14,5 ng/ml	inside target value
after 2 hours	14 ng/ml	1,3 - 10,3 ng/ml	above target value
after 5 hours	0,7 ng/ml	0,7 - 5,7 ng/ml	inside target value
after 8 hours	0,6 ng/ml	0,6 - 4,7 ng/ml	inside target value
after 12 hours	0,3 ng/ml	0,3 - 3,3 ng/ml	inside target value

If your values lie outside the reference values, you should contact a physician and discuss further steps with him/her.

Your system for life.
